# UNITY LOVE OF MAN

# ACTIVITIES

By Lee Jones

Last weekend was a good one for most of us. The FOOTBALL team led by Mike Fannuchi handled the DONS all afternoon to post a 13-7 win over U.S.F. Down south near the races at Laguna Seca, the SOCCER team fell foe to the men of the Naval Post Graduate School. Final score in the clash was 6-2. Lee Jones and Spanky Monserrat took scoring honors in that game. So things are looking up. It's about time.

The week ahead looks good. The weekend is filled with HOME-COMING activities that include a dance, the crowning of The Belle of Saint Mary's, the game on Saturday plus other anonymous activities that will go on. On Tuesday, The Movie of the Week takes the spotlight. The rest of the week is left up to you. The St. Albert Library is open till midnight on week nights, so if you want something to do, head on over for an evening of intellectual pursuit. Now let's see what is really going on.

Tonight a dance is to be held in Oliver Hall. Doors open at 8 p.m. and the dance is scheduled to run until the midnight hour. Admission stands at \$1 with the music (or if you wish, 'vibes') provided by GRACE and JEFFREY CAIN and HIS BAND. A lightshow is also planned. Screens will be by APPELEGATE and THE BOYS UNDER THE GYM while the lightshow itself is by PRISMATIC REVENGE. I was told that the Belle of Saint Mary's will be announced and crowned at the dance.

The next day is HOMECOMING DAY. The football game headlines the afternoon. Opposition for the day will be provided by the Toreros from the University of San Diego. According to Coach Leo McKillip, Saint Mary's will look to Jerry Murphy off his "best game ever" as well as powerhouse Julio Lopez to handle San Diego's defense. Saint Mary's defense will count on Jim Datrice, Pat Madison and Dan Ferem who together accounted for three interceptions against the Dons. Mike Fannuchi who scored 12 of Saint Mary's 13 points was named Northern California Back of the Week-College Division for his efforts against U.S.F. University of San Diego is a formidable foe and has good passing and receiving in split end Matt Maslowski and QB Gene Guerra. On the ground, John Boone is the man to watch. The Toreros lost to Cal Poly at Pomona last week 19-13. Halftime entertainment hosts the Campolindo High School Marching Band.

Also on Saturday at 11 o'clock in the A.M. The Saint Mary's College soccer team goes for a win against Chabot College. Joseph Blell's return to the lineup should aid Saint Mary's and a good performance by All-American nominees Will Gesselbracht and Spanky Monserrat could make the difference. Coach Matt McGhee's team has been plagued with injuries this season. Lako Tongun is out with a fractured ankle and Forward Jerry Dunbar has torn ligaments. All in all it has been the kind of season that you do not like to think about.

On Tuesday, Pat Bonnacci Presents "The Movie of the Week." The feature this time around is "BULLITT," starring everybody's favorite, STEVE MCQUEEN. Three showings are set for this one. An afternoon performance is to be followed by two evening shows at 7 P.M. and at 10 P.M. Admission is to be charged and is set at 75¢. The rest of the week then turns to ST. ALBERT HALL and hours in the library. If that is not for you, there is bound to be something going on somewhere.

Off-campus looks like this. At the FILLMORE/WEST till Sunday night is BO DIDDLEY along with the NEW YORK ROCK ENSEMBLE and LIGHTNIN' HOPKINS plus BEEFY RED. Lights will be by Front Lights. On the 28th also at Fillmore is Rod Stewart with THE SMALL FACES. It is billed as an evening with. . .

Still in The CITY. The San Francisco International Film Festival runs till the 1st of November. Here's a chance to see some great movies. Admission is \$3.50. You can get information on this by contacting a local box office.

Movies are excellent right now. There are so many to see. "JOE" is said to be great and if you get the chance, see this one. It is well worth it. Others include "SOLDIER BLUE" with Candice Bergman and "MONTE WALSH" with Lee Marvin.

Though somewhat older, but still great is Walt Disney's "FANTASIA," which is now playing at the Metro II over in The City. You can get information on this by calling 221-8181.

The week is set. MIDTERMS should be over for most of us today. Time sure has flown. In a little over a month the Christmas decorations will go up and students will depart from the campus for the vacation. I sit here tonight wondering what we have really done in the last few months. Stop and think about it sometime. Until next week, Peace.

# EXPLANATION of LETTUCE HASSLE & SALINAS STRIKE

"We signed with the teamsters because they are a trade union. Chavez's union is a civil rights movement." - Salinas Growers Association

Herb Fleming, president of the huge Salinas Valley Grower-Shipper Vegetable Association, is an angry man, a scared man and what's more he has a right to be. Under normal circumstances, the presidency of the Grower-Vegetable Association means speaking to Rotary Club meetings on Tuesday afternoons.

UFWOC ORGANIZERS  
UFWOC organizers worked for two years in the valley gaining supporters for the union and on Friday, July 24, Chavez announced at a rally in Salinas that UFWOC "...now represented 95 per cent of Salinas Valley farm labor."

Chavez and his UFWOC supporters became enraged when three days later 30 of the most prominent growers in the Salinas Valley, representing 75 per cent of all the fresh produce in the Salinas Valley, announced that they had come to a labor agreement with the Teamsters and had no intention of dealing with Chavez or UFWOC.

Chavez claimed that William Grami, the West Coast Field Operations Director for the Teamsters, led negotiations with the grower-shippers in the Salinas Valley and signed the existence of such an agreement, and finally after a great deal of public pressure - including behind the scenes pressure by the AFL-CIO, the Teamsters finally agreed to reaffirm their agreement with UFWOC on August 12.

Initially it was rumored that the contracts had been negotiated by the Teamsters would probably be turned over to the UFWOC. But this never happened, and it is still unclear whether the Teamsters ever intended to turn over any of the contracts they negotiated.

### 'VIGILANTE SPIRIT'

On the other side, UFWOC charges that a vigilante spirit has come about in Salinas and all UFWOC officials have sent their families to other cities for their own safety. Police and Monterey County Sheriff's deputies confirm that there is "somewhat" of a vigilante spirit in the air, but are unwilling to agree with UFWOC organizer Marshall Ganz that the atmosphere in Salinas is "...worse than in Mississippi."

UFWOC has claimed police harassment in connection with most of the arrests and has urged city officials to turn their attentions to the activities of Salinas community groups like the Citizens' Committee for Agriculture, which before a name change three weeks ago was calling itself the Citizens Committee for Local Justice.

### TWO CONTRACTS SIGNED

Since UFWOC called for a strike, it has been able to garner only two contracts, one with Interharvest Inc. and the second with Brown and Hill Tomato Packers of King City. Only Brown and Hill Tomato Packers were actually brought to the bargaining table by the strike - primarily, they said, because they are so dependent on migrant labor for their crops.

Interharvest, a subsidiary of the mammoth United Fruit Corporation, was brought under contract because it feared Chavez would call for a nation-wide boycott of its highly recognizable and therefore highly boycottable "Chiquita Bananas."

### DISPUTE WITH TEAMSTERS

Chavez's words and the words of Dolores Huerta echo the frustration of three unsuccessful weeks of trying to secure an election for the Valley's 7000 farmworkers so they could determine whether they wanted to be represented by UFWOC or the Teamsters.

Since farm workers are not covered by the National Labor Relations Act, Chavez sought to initiate elections through the U. S. Bishops Committee on Farm Labor (the group which was instrumental in settling the four-year grape strike and boycott.)

The farm workers voted to strike at an August 3 rally climaxing a three day march to Salinas from Watsonville, Aptos and Greenfield.

The strike was on, and though initially successful, it became bogged down with injunctions, law suits and "scabs."

### LETTUCE BOYCOTT

Chavez announced the beginning of a NORTH AMERICAN

LETTUCE BOYCOTT of all lettuce not bearing the black eagle of the United Farm Workers on September 17. The boycott is focused on 64 major cities, and according to Chavez, "it will continue until the last grower has signed."

"The Farm Workers Union has just developed a different strategy. There are still hundreds of us who are staying out of work until the growers sign with Cesar," Moreno said. According to Moreno the union gives his family \$50 per week for the expenses of five children, two sisters, a wife and his mother and father. Moreno admits that they won't be able to hold out long on \$50. Still he believes that a settlement is coming soon.

MECHA will conduct a picketing stores in the surrounding towns this weekend which sell "scabs lettuce."

# MARSEILLE RESIGNS

Dan A. Ramirez  
Vice President  
Associated Students  
Saint Mary's College

Dear Dan,

This letter is to inform you that I hereby resign from the Executive Council. I cannot finish my second term as Representative at Large. I feel that I can no longer uphold the Constitution of the Associated Students. The Constitution has become a document that has no relevance to me.

I know that you feel that it is the personalities involved in student government who are impeding progress on this campus. I disagree. It is the system that is not only keeping good elected people from functioning, but it is also keeping other good people from having the chance to do constructive work.

I have no regrets for anything that I have done in almost two years of service. I hope that a solution can be found for the crisis that is victimizing the student body.

Sincerely yours,  
s/Mike Marseille

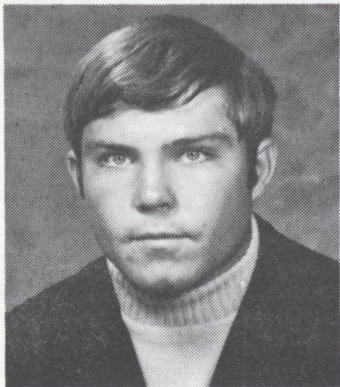

Michael Marseille is (was) the only Senior Representative at Large. He also is (was) the only Senior voting member of the Executive Council who has served more than this present term. It was his work last year that began the movement for a lowering of Student Body Fees. Mike lives off campus, in Oakland, and in January will marry Arlene Merritt. Presently he is make up editor for THE COLLEGIAN.

## FOOTBALL PLAYERS OF THE WEEK U.S.F.

### Defense

**JIM FINNEGAN**  
Jim's fine defensive plays helped stop the USF drive. He dropped the passer twice, and his pursuit and hard tackling caused a fumble.

### Offense

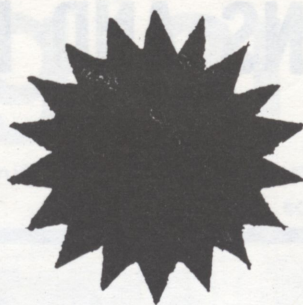

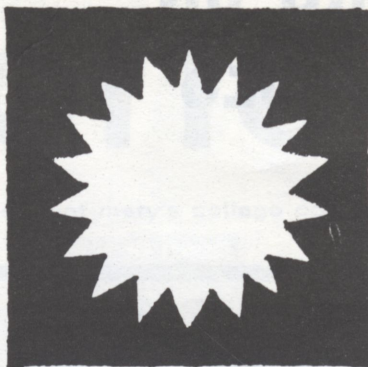

**MIKE FANUCCHI**  
Mike scored 12 of the 13 points. He kicked 2 field goals, and caught a pass for the Saint Mary's touchdown. He ran hard throughout the entire game.

### Frosh Officers

At this week's Executive Council meeting the Pro-tem officers for the Freshman Class were sworn in. They are President, Mike Creedon; Vice-President, John Donovan; Secretaries, Veronica Lopez and Leticia Romo; Treasurer, Marina Thynne; and class representatives to the Ex-Council Marsha Crist and Cindy Pickett.

### Indian Speaker

Jack D. Forbes, author of APACHE, NAVAHO AND SPANIAN and WARRIORS OF THE COLORADOS: THE QUECHANS AND THEIR NEIGHBORS and recognized as the foremost authority on the Indian Movement in the United States will speak in Dryden Theater Monday night at 8:00, admission is FREE. Mr. Forbes, who holds a PhD. in History and Anthropology, is currently a professor at UC Davis.

### Moscow Trio

This Saturday, October 24, at 8:30 p.m., the Moscow Trio will be performing in the Dryden Reception Hall. The Trio, the second group to perform in the Saturday evening chamber concert series of six, is currently making its first North American tour. Winner of many international prizes, this group has toured Europe considerably and has been well received.

Tickets to the concert are \$2.50 for the general public and \$1.50 for students.

### Faculty Elections

The recent faculty election for Representative-at-Large to the Rank and Tenure Committee resulted in a tie. A new election will be held in the near future.

### Faculty Meeting

Two motions concerning the controversial Master of Business Administration degree plan were voted on during the past week by the faculty.

The first was a straw vote in support of the MBA. It stated the following: The Academic Council Recommends to the Board of Trustees of Saint Mary's College the initiation, as part of the Continuing Education Program, of courses leading to the Degree of Master of Business Administration and that the said program become operational in the term beginning February 1971. This motion was defeated 42-41.

The second states—Motion: That we, the Faculty of Saint Mary's College, recommend that the MBA program proposed for February, 1971, not be initiated at that time.

This motion was tied at 46 votes apiece. The next action will be decided upon at a later date.

### Rookie Rouser

Last Monday night the rookie rouser was held in the redwood grove. The attendance was satisfactory and the food was passable. But by most accounts the whole affair was pretty rookie, and not very rousing. According to a piece in last week's Collegian, "freshman class identity" was what the rouser was all about. It was a nice sentiment, but having been there the spectacle of a series of well established cliques walking out to sit by themselves and then walking back together without so much as a second glance for the rest of their class, pretty much sums up how much of a failure the whole thing was. To again quote last week's article, "We are on the ground floor; we will form a new college, a new community, a new awareness." These are words that speak of a great potential. It's about time they were taken seriously.

### Art Movies

With two contemporary American Artists, Roy Lichtenstein and Andy Warhol, the Art Department begins on October 23, a series of films depicting various ideas, techniques, approaches and philosophies behind contemporary painting, sculpture and film.

The first film in this series deals with the use of everyday objects as the basis of art. Lichtenstein and Warhol are seen working on their pieces while discussing their techniques.

The film will be shown Friday, October 23, in the Art Building, Room 4. There will be showings at 1:00, 2:00, 3:00 and 4:00 p.m. We cordially invite all students, faculty and administration to attend.

### Jobs

The Placement Office is flooded with jobs for part-time houseworkers and babysitters — 75¢ an hour to \$2.00 an hour.

Casual day sitting jobs are increasing.

For Seniors—State Service Entrance Examination booklets are available. The College Placement Annuals for 1971 have arrived. A limited supply is available free to seniors who will be seeking employment after graduation. Seniors interested in careers with the Department of State and U.S. Information Agency should file applications by 10/23/70 deadline for the test "Foreign Service Officer Careers." The actual test is 12-5-70. Copies of the announcement are available.

# ALVIN DUSKIN SPEAKS ON BART, CANS AND BABIES

At the community forum on Local Needs and National Priorities Alvin Duskin expressed some new ideas—a few are repeated here for you to ponder at your leisure.

The Bay Area Rapid Transit System seems to be a great step forward in preserving the purity of our air, it's the whole idea of less cars on the street spewing forth hydrocarbons, etc. But what BART actually does is raise the land values of downtown San Francisco and Oakland. For the subway will neatly bypass the Black Community and go straight to the heart of white suburbia. So now the downtown offices can continue to be staffed by contented whites who don't have to fight the freeways or drive through a ghetto to get to work. This will enable the downtown area to expand because it will increase the availability of white faces.

A whole new ecology action on the personal level is now a reality with the advent of aluminum cans—you can do your part for ecology by putting them in a special aluminum reclaiming center. But why should we go to all that trouble and extra hassle? We didn't ask for the aluminum cans in the first place, they were put out by business, so let business take care of this ecology problem.

He also said in closing that a man should be allowed to have as many children as he wants. For the easiest way to control the actions of people and "keep them in their place" is to make them feel guilty. And sex is the easiest thing to make people feel guilty about.

## DRAFT LAW COLUMN:

Each week The Collegian offers a Draft Law Column to its readers. The column is written by John M. Striker and Andrew O. Shapiro of the Military and Draft Law Institute, New York City. Striker and Shapiro are the authors of a recent draft law guide.

"Mastering the Draft: a comprehensive guide for solving draft problems," published by Little, Brown and Company.

This column is offered as general advice; for specific questions on the draft, a draft counselor should be consulted.

Copyright 1970 by John Striker and Andrew Shapiro

We welcome your questions and comments about the draft law. During the year, we will answer your questions in the column. Send your questions to Mastering the Draft, Suite 1202, 60 East 42nd Street, New York, New York 10017.

Q: WILL THE STUDENT DEFERMENT BE ABOLISHED?

A: On April 23, 1970 the President asked Congress for authority to eliminate the student deferment. Only Congress can provide this authority. In the past, Representative Mendel Rivers, Chairman of the House Armed Services Committee, has been a strong advocate of the student deferment. However, recently he indicated he was having "second thoughts" about his position. He said he "was becoming disenchanted" with the student deferment because of the college disorders fomented by deferred students. With this change in Representative Rivers' position, the chances for the elimination of the student deferment are greatly increased.

Q: IF THE STUDENT DEFERMENT IS ABOLISHED, WHAT WILL BE MY CHANCES OF KEEPING THE II-S DEFERMENT UNTIL I GRADUATE?

A: A recent Local Board Memorandum provided the following warning: "Under legislation now pending in Congress, a registrant who obtains a . . . II-S deferment by enrolling on April 23, 1970 or thereafter may lose his deferment in the future." The legislation referred to was proposed by the President on April 23. If enacted, students in this year's freshman class may find themselves without a deferment next year. A future column will indicate what steps you can take to register your approval or disapproval of the President's proposed legislation.

Q: IS THE OFFICIAL LIST OF DISQUALIFYING MEDICAL DEFECTS AVAILABLE TO THE PUBLIC?

A: Yes. It is published in our book "Mastering the Draft." It is also contained in "The Draft Physical," available for \$1.00 from Brooklyn Bridge Press, P.O. Box 1894, Brooklyn, New York 11202.

Q: CAN I GET A COMPLETE COPY OF MY SELECTIVE SERVICE FILE?

A: Yes. Every registrant is entitled to secure a copy of his file. The procedure is as follows: (1) You should send a letter to your local board requesting a photostatic copy of your selective service file (officially called a Cover Sheet). (2) A copy of the letter must be sent to the state headquarters of the state in which your local board is located. Your local board can tell you the address of the state headquarters. (3) The state director will then write to you informing you of the city in which the copying will be done. In most cases, this city will be the location of the state headquarters. (4) You must then make arrangements with a commercial duplicating firm in the city designated. The arrangements should provide that a representative of the Selective Service System will bring in the file for duplication. The representative will not pay for the duplication. Thus, you must agree with the commercial firm on some form of advance payment or subsequent billing. (5) When you have made these arrangements, write the state director informing him of the name and address of the firm. (6) The state director will arrange for an employee to take your file to the copying firm and monitor the reproduction "in order to protect the confidentiality of the file." You must pay "\$5 per hour, or fraction thereof in excess of one-quarter hour for the employee's time to monitor the reproduction computing from the time of his departure until his return to his post." (7) The file and its copy will be returned to the state headquarters. You will be sent a bill for the monitoring service. After the bill is paid, you will be sent the copy of your file.

Q: WHY IS IT IMPORTANT FOR ME TO HAVE A COPY OF MY FILE?

A: The copy provides you with protection against the possibility that local board members or clerks will alter the contents of your file to cover up their mistakes. For example, consider the following court case. A young man sought a conscientious objector classification. His local board denied the request and, as required by law, wrote down the reason and placed the letter in his file. A few months later, a court, in an unrelated case, declared this particular reason an improper ground for denying a C.O. request. When the young man's board learned of the court case, it opened his file and changed the reason for denying his C.O. request so that it now conformed to the law. Ultimately, the young man refused induction. Fortunately, his attorney had made a complete copy of the young man's file before the board members had made any changes. At the trial he noticed the change. The case was thrown out of court with instructions to the U.S. Attorney to investigate the conduct of the board members. Only because he had a complete copy of the file was he able to detect the change.

More detailed answers appear in our book "Mastering the Draft, A Comprehensive Guide for Solving Draft Problems," 626pp. Little, Brown 1970.
