College Union Nears Completion

The placing of the roof on Le Fevre Theater during the past week marked the beginning of the last major obstacle to completion of the new Ferroggiaro Center by early February. Because of the heavy rain in October and the earlier summer cement strike, the theater was far behind schedule since the roof was not in place. With the completion of the roofing the interior work can proceed at uninterrupted pace.

Le Fevre Theater is named after Professor Louis Le Fevre who taught at the College for many years. The new theater will be complete with full stage, music practice rooms, complete projection booth, new seating, lavatories, and lounge areas.

All orders for furnishings, carpets, tile, and equipment to be used in the new Center have been ordered. Most of the furnishing in the complex is new since most of the facilities did not exist on campus prior to the construction. Some office furnishings have been utilized from the student body offices.

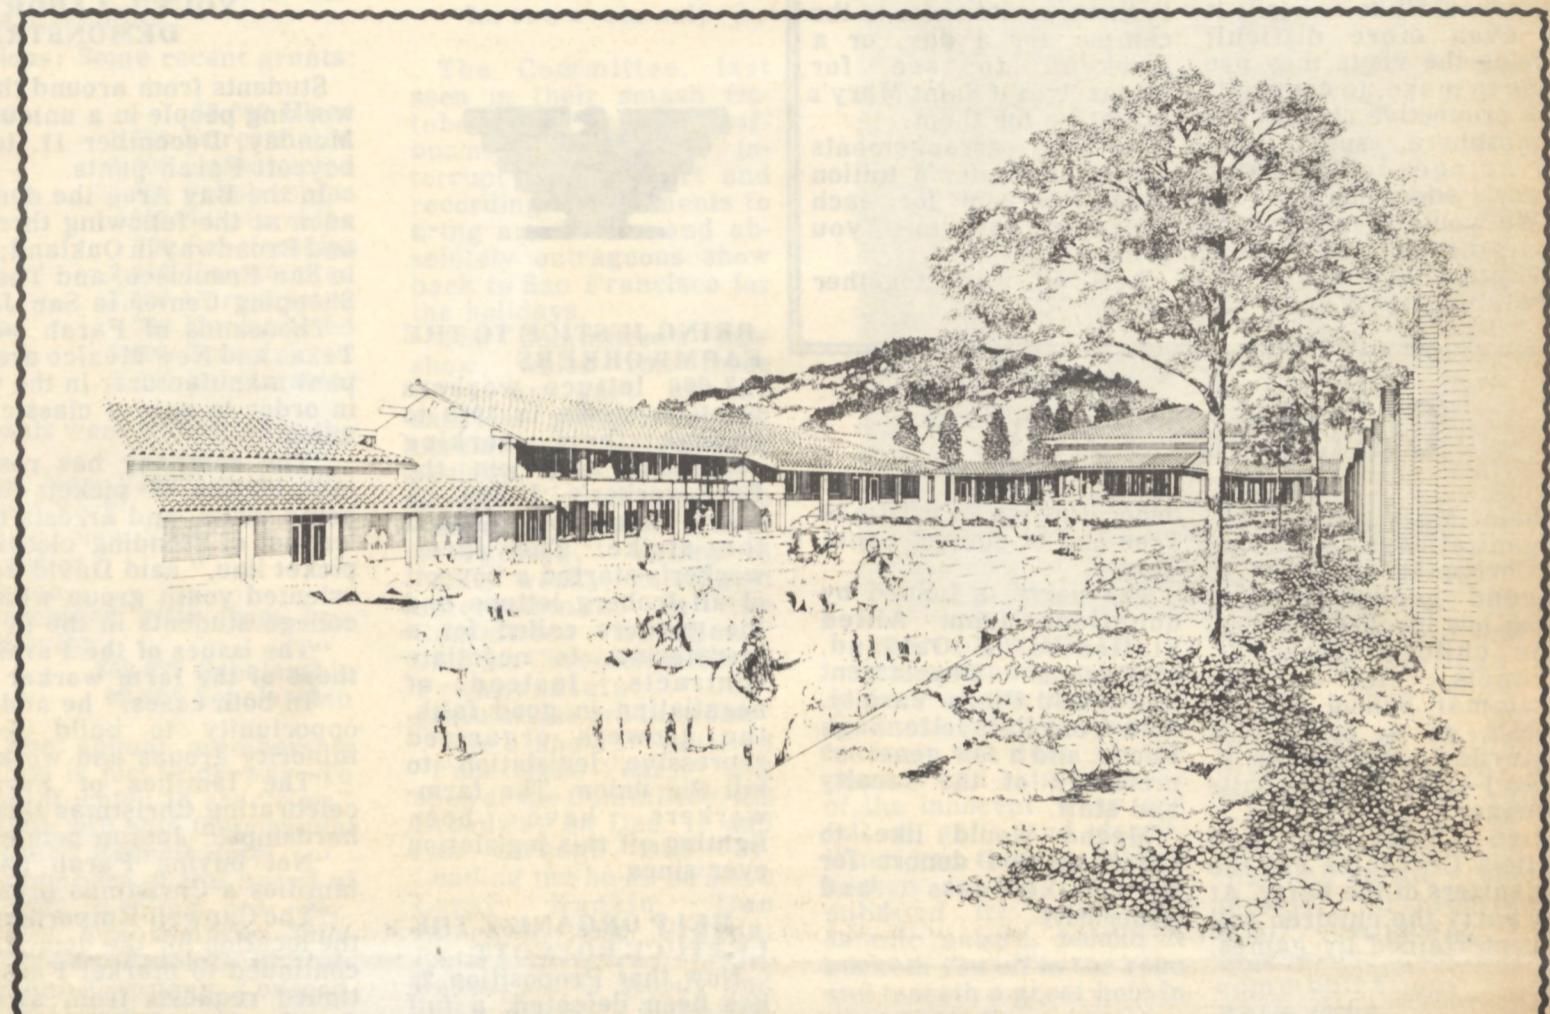

Innovations

With the opening of Ferroggiaro Center, several services now spread around the campus will be centralized for the first time. Because of the centralization of activities and areas, it will be possible to offer innovative programs to the College community.

The Post Office will move from its present location across from the gymnasium to a new expanded facility formerly occupied by Dryden Theater.

Adjoining the Post Office in the old theater is the new Bookstore. Mrs. Lorraine Rothacher, Manager, indicated that the new store's interior will allow for easier merchandise display and customer convenience.

One area with great potential for innovative programs is the new Game Room located under the Brickpile. This large room will have several pool tables, additional pinball machines, and other recreational games. However, because of the vastness of the room, it will be possible for groups to sponsor parties and or other programs of a social nature.

The new Brickpile offers great opportunity for change. Food Service Manager, Tom Gemma, has proposed several new services when the new complex opens. Not only will the hours be increased, but the menu selection will be enlarged to accommodate the new programs.

The including of homemade pizza will offer the community a variety not available now in the area. Several other homemade menu items will be added as well. Because of the new living styles on campus additional food items will be sold from a new delicatessen in the Brickpile. Such items as bread, peanut butter, snack items, salami, and other delicacies will be available.

Entertainment will be featured in the new Mission Road Room, named after the original site of the College in San Francisco. A small stage for entertainers has been installed in this room. It is in this atmosphere that beer and wine will be served if the necessary license is obtained from the Alcoholic Beverage Control Board. The application for the license has been made, but legal technicalities about such a

license on a College campus may delay the sale of these beverages. All efforts are being made to secure this license.

The new intimate community lounge located between the new Bookstore and Brickpile will be a showplace because of its design and elegant furnishings. The mazzanine overhang provides for a card-playing area and an outdoor patio overlooking the new quad. The main lounge area is highlighted by a large fireplace and mosaic. The fireplace is stepped to allow individuals to sit around the hearth. The entire front of the lounge is glassed to allow for view.

Purpose

The original purpose of building Ferroggiaro Center has not changed. It has always been an attempt to bring the College community together in an informal and or official atmosphere without separation by faculty, students, staff, or administration.

Moving to the new administrative offices on the first floor of the building facing the library will be the Dean of Students, Associate Dean, Housing Coordinator, Presidential Assistant for Student Affairs, and Director of

Ferroggiaro Center.

The second floor of the same building will house the Student Body offices, Collegian office, Gael yearbook, photo labs, conference rooms, and the special Alumni Room. The use of the entire complex is specified as non-academic in the contract with the Government for the loan, so the rooms are not classrooms but meeting and or conference rooms for groups now having difficulties finding classroom space, etc. for their meetings.

Brother Martin Ash, FSC, Director of Ferroggiaro Center, indicated that the completion of the new complex will provide opportunities in sharing and mixing with all aspects of the College community. An example of the expanded services available is the Travel Bureau which is now operating. Future plans would call for a Ticketron outlet; outdoor programs of recreation, vacation programs in travel, expanded fine arts programming on campus in the theater, and expanded social functions.

The only threat to the opening now is continued rain which will not allow the pouring of concrete walkways and the concrete quad area.

Elections Today

ELECTIONS

There is a rumor going around campus that student body elections are going to be held today Thursday, December 7, and that students can vote in De La Salle lobby from 9-3. Since it is our policy not to print anything unless it is true we checked this out and found that sure enough there are student body elections today, runoffs tomorrow. So take yourself and your mat card on over to De La Salle and elect yourself a new Student body president, vice-president, secretary, treasurer, four reps at large and vote on the proposal to make the Yearbook independent by basing it on subscriptions.

The candidates for student body president are Sam Camacho, a junior who is currently a member of the Executive Council; Mike Mulcahy, a junior who is currently a Resident Assistant in Aquinas, and Chris Sales also a junior, who is a Resident Assistant in Augustine.

Editorial

Like many colleges, especially small colleges, Saint Mary's College is faced with a difficult problem in recruiting new students.

It is extremely difficult, in fact almost impossible, for representatives of the admissions office to visit all the high schools that they would like to visit, it is even more difficult during the visits they are able to make, to convey to the prospective student the atmosphere, spirit, and advantages of a Saint Mary's education.

We would therefore like to see the students take the initiative in recruiting new students. We are not

suggesting that all the students should go back to their own high schools and give a hard sell pep talk. Perhaps you know a high school senior who might be interested in Saint Mary's, how about your buddy down the street, or the kid down the block you don't really know too well. Talk to them, invite them to the campus for a day, or a weekend to see for themselves if Saint Mary's might be for them.

Perhaps arrangements can be made for a tuition break for you for each recruited student you bring in.

Lets all work together

BRING JUSTICE TO THE FARMWORKERS

7,000 lettuce workers went on strike in 1970 to change their working conditions and join the Farmworker's Union. A court injunction stopped the strike. The farmworker's started a boycott of all Iceberg lettuce and the growers called for a moratorium to negotiate contracts. Instead of negotiating in good faith, the growers organized repressive legislation to kill the union. The farmworkers have been fighting off this legislation ever since.

HELP ORGANIZE THE LETTUCE BOYCOTT

Now that Proposition 22 has been defeated, a full scale boycott on Non-Farmworker Union lettuce is being organized. If you are tired of school, want to learn community organizing, call the Farmworkers: 228-0161 or 229-0522.

VIVA LA CAUSA!
M.E.Ch.A.

bolster minority enrollment.

Admissions officers may then contact students directly and invite the applications of those whose particular interests could be served by their schools' graduate offerings.

EXPERIMENTAL FIRST YEAR

The locator service will be used first by graduate schools in December. According to Williams, some 300 schools are expected to join this year with more offering the program later.

The locator service is open to second-term college juniors, seniors, and college graduates.

Nearly 2,200 counselors at undergraduate schools across the country have

received information about the program and can supply questionnaires to interested students, whatever their racial background.

The student response form is also available with information bulletins describing the Graduate Record Examinations (GRE). But ETS said GRE scores are not included in the locator service and that a student need not take the exams in order to participate in the locator service.

Christmas Party

Saint Mary's M.E.Ch.A. organization is sponsoring a Christmas party for 30 second grade children from low income families. The children from St. Francis De Sales Grammar School will be guests at a party this Saturday, December 9, from 1-4 p.m. in Dela Salle Lounge.

Leo Chapa Jr. and Leticia Cervantes are the organizers of the party. At the party the children will be entertained by games.

decorating a Christmas Tree and of course, Santa Claus.

The party is funded by donations from Allied Stationers in Oakland, Macaulous Department Store, and Plaza Variety, both from Lafayette, Saga Foods, and a few generous members of the faculty and staff.

Mecha would like to thank all the donors for their kindness and generosity.

Graduate Schools

A new program designed to help the nation's graduate schools seek out potential students from minority groups is underway this fall.

Called the Minority Graduate Student Locator Service, the program is offered by Educational Testing Service. ETS estimates that about 10,000 to 15,000 students could initially use the new service which is offered free to both students and institutions this year.

According to J. Bradley Williams, ETS director of the project, "One of the problems facing graduate schools seeking to increase enrollment of students from racial and ethnic minorities is that of identifying potential students."

NEW FORM WILL HELP
Now, students will have a chance to voluntarily complete a special 17-item questionnaire as one step towards entering graduate school.

Information about the academic interests and goals of Black, American-Indian, Asian-American, and Spanish or Mexican-American students who wish to pursue graduate level education, will be available to those institutions seeking to

MARIACHI MASS

On Sunday, December 10, Mecha in conjunction with Fr. Ed Martin and the Campus Liturgy Committee is sponsoring a Mariachi Mass. The Mass to be co-celebrated by Fr. Valdivio, of Hayward, and Fr. Martin, will be held in Dryden Reception at 6:15 p.m.

The Mass is in honor of La Virgin de Guadalupe, whose feast is December 12. The entire college community is invited to the Mass and subsequent reception. Mariachi group will play for the Mass and the reception.

Letters to the Editor

YOUTH - LABOR FARAH BOYCOTT DEMONSTRATION DEC. 11

Students from around the country are joining working people in a unique nationwide demonstration Monday, December 11, to urge holiday shoppers boycott Farah pants.

In the Bay Area the demonstration will begin at noon at the following three locations: Capwells, 2G and Broadway in Oakland; The Emporium, 835 Mar in San Francisco, and The Emporium, Stevens Cr Shopping Center in San Jose.

Thousands of Farah workers, mostly Chicano, Texas and New Mexico are striking against the large pants manufacturer in the world, the Farah Company in order to gain a classic right: the right to form union.

"The company has responded with mass fir intimidation of pickets with police dogs, midnight home visits, and arrests of over 800 workers for 'crime' of standing closer than 50 feet apart in picket line," said David Jessup of Frontlash, a lab oriented youth group which is attempting to involve college students in the demonstration.

"The issues of the Farah Strike are very similar to those of the farm worker boycotts," Jessup said.

"In both cases," he added "students have a unique opportunity to build working relationships with minority groups and working people."

"The families of Farah workers may not be celebrating Christmas this year because of the strike hardships," Jessup pointed out.

"Not buying Farah pants is like sending the families a Christmas present," he said.

"The Capwell-Emporium Stores have been chosen the location for the demonstrations because they have continued to market Farah products in spite of continued requests from strikers and their union, the Amalgamated Clothing Workers, to discontinue sales," Jessup said.

"We are not, of course, boycotting the stores themselves, but rather the Farah pants being sold there," he added.

In addition to Frontlash, many other groups have endorsed the Farah boycott, including the National Student Association, the Young Peoples Social League, the College Young Democrats, the A. Phillip Randolph Institute, The Jewish Labor Committee, The Workmen's Circle, and the Consumer Federation of America.

Senator Edward Kennedy, A. Phillip Randolph, Bayard Rustin, and Senator Gaylord Nelson head a long list of prominent individuals who have endorsed the strike.

Donations and Grants

DEVELOPMENT OFFICE NEWS
December 1, 1972

Gift Report Summary: The College finished the 1971-72 fiscal year with a record-breaking \$962,900 in gifts and grants, up from \$736,500 the previous year.

In the 1972-73 fiscal year, the Development Office has received over \$265,000 in new gifts, with the crucial month of December just beginning. Historically, this month has always been an important one for fund-raising. Last year, \$162,000 was given to the College during December.

Foundations and Corporations: Some recent grants: (July 1st to date)

K.H. Hofmann Foundation	\$3,000	Plant
Transamerica Title	1,650	Unrestricted
Del Monte Corp.	1,000	Unrestricted
James Irvine Foundation	25,000	Scholarships
George T. Cameron Fnd.	600	Scholarships
Garmers Underwriters	700	Scholarships
IBM	2,500	Unrestricted
Eastman Kodak	3,000	Unrestricted
Kaiser Cement & Gypsum	750	Unrestricted
Bethlehem Steel	5,000	Unrestricted
Fireman's Fund	2,000	Scholarships

During November, proposals were submitted to the following foundations:

The Carnegie Corporation, New York
The Ford Foundation, New York
The Rockefeller Foundation, New York
The San Francisco Foundation

The Levi Strauss Foundation

Bequests: The College received gifts from two estates during the past 3 months:

Jose F. Borges Estate \$69,677 Scholarship
Charles E. Braun Estate 12,500 Scholarship

The President's Club: The annual membership drive for The Presidents Club is just underway. To date, there are 32 members, of which 13 are "New" members. The Presidents Club will hold their annual meeting on April 14, 1973 at the St. Francis Hotel.

Board of Regents: New members of the Board of Regents since the May, 1972 meeting are: Mr. Thomas G. Kenney, President, Transamerica Title Insurance Co. San Francisco; Mr. Kenneth H. Hofmann, President, The Hofmann Company, Concord.

COMMITTEE RETURNS TO HOME STAND AT 622 BROADWAY, DEC. 15-31 for two weeks only

The Committee, last seen in their smash Oktoberfest going-out-of-business show, will interrupt their concert and recording engagements to bring an all new and absolutely outrageous show back to San Francisco for the holidays.

The Committee's new show, which ran three days as part of the satirical group's closing ceremonies, received rave reviews. The Examiner's Stanley Eichelbaum, who "enjoyed just about everything," called it "deft, wacky, intelligent entertainment in the Committee tradition." Said the Chronicle's Alfred Frankenstein, "Congratulations are in order."

The show, entitled "Four More Years," will open at the Committee, 622 Broadway on Dec. 15 and run through Dec. 31. Leading the ho-ho-ho's are Larry Hankin, Dan Barrows, Jim Cranna, Ruth Silveira, Julie Payne, David Moody and Del Close. Founder-creator Alan Myerson will direct.

The group's most recent record, "Clean Up With the Committee," will be released by Columbia Records in February.

Performances are nightly except Monday at 8:30 and 10:30; Saturday at 8:30, 10:30 and 12:30. Reservations are now being accepted for the special New Year's Eve spectacular at 8:30, 10:30 and 12:30, Dec. 31. For reservation and ticket information call 392-0807.

Early cyclists (ca. 1890) seen by Puck's caricaturist from *A Social History of the Bicycle* by Robert A. Smith (American Heritage Press).

MAN ON WHEELS
"These bladder-wheeled devices of the demon of darkness are contrivances to trap the feet of the unwary and skin the nose of the innocent. They are full of guile and deceit. When you think you have broken one to ride and subdued its wild and satanic nature, behold it bucketh you off in the road and teareth a great hole in your pants."

This opinion of the bicycle, expressed in a Sunday sermon in Baltimore in 1896, did not reflect public consensus. This is shown, conclusively and oftentimes hilariously, in *A Social History of the Bicycle* by Prof. Robert A. Smith (American Heritage Press, \$9.95).

What began as an attempt to discover the sources of the bicycle craze of the Gay Nineties evolved into a lighthearted but scholarly study of the impact of the cycle on

American culture, and the extensive heritage the "craze" left behind. A professor of Social Sciences at California State College in San Bernardino, the author treats the origins of the two-wheeler, impact of the machine on the economy, morals, transportation, sport, highway improvement, dress reform, communications - the whole thing.

"The primary value of the book for the reader is twofold, I hope," says Prof. Smith. "First, it will bring pleasure, an occasional laugh, and maybe a better understanding of the lives of our grandfathers or great-grandfathers. Second, it may provide a better understanding of the reader's own times by showing how a machine influenced our contemporary lifestyle."

Some 100 illustrations enhance the witty, stimulating text.

ST. MARY'S WELL
In a courtyard of St.
Mary's,
In a sunny, scented gar-
den,
Gleams a little pool of
water,
Neither deep nor old nor
storied;
Yet its name I like to tell:
'Tis St. Mary's Wishing
Well.

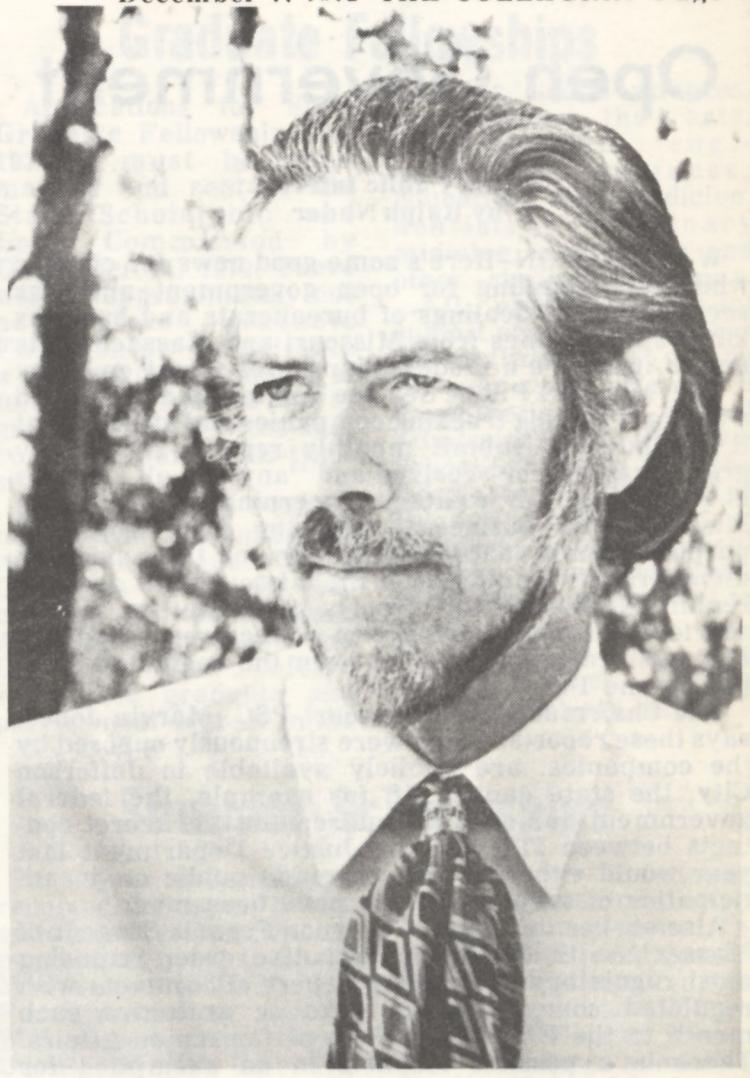

Newly sunken in the
pavement
Near the chapel of Our
Lady,
Where the fragrant incense filters,
Where the breeze its
surface dimples,
Cheerful smiles the little
pool,
Nestling in its basin cool.

Feet of brothers softly
shuffle
O'er the warm, red brick
around it,
Passing on their round of
duties,
Barely heedful of its
beauty
As it gazes at the sky
With its clear, untroubled
eye.

Dreamy quiet broods and
lingers
In the white and Spanish
patio,
Save for distant note of
organ;
And the yellow broom in
blossom
Upward breathing from
the clod
Wafts an orison to God.

Nothing may the waters
tell us
Or of lay or saintly legend,
Nor romance of ancient
lovers
In its shallow bosom
hidden.
What it holds of joy or
sorrow
Is the secret of tomorrow.

In its mirror lies the
future,
Mysteries of life unfolding
Down the cloister of the
ages.
For I fancy it is shaping
By the light of rosy morn
Faces of the great unborn.

Alan Watts

Noted Philosopher to Appear Locally

NOTED BAY AREA PHILOSOPHER AT CONCORD CHURCH

Alan Watts, former
Episcopal priest,
philosopher, author,
lecturer, and interpreter
of Zen Buddhism to the
West, will speak at
Ygnacio Valley
Presbyterian Church, 200
Minert Road, Concord, on
Friday, December 15, at
8:00 p.m.

Titled "Buddhists meet
Christians", Mr. Watts's
lecture will illustrate what
historian Arnold Toynbee
has called "the most

important event of the 20th
Century". Mr. Watts is
probably the best-qualified
Western interlocutor for
Zen Buddhism.

This Eastern view of the
universe has produced
several remarkable
parallels to Christian
mysticism among its
contemplatives. Likewise,
there are striking
similarities between the
world view of some of the
Japanese classical
writers, such as Basho,
and that of Cervantes,
author of Don Quixote.
Parallels to the Zen
outlook are also apparent
in Shakespeare, Words-
worth, and Robert Louis
Stevenson, to cite only a
few examples. This
parallelism is one of the
reasons why there has
been increasing interest
among Christian
theologians in dialogue
with the higher religions of
the East.

The public is invited.
Admission is \$3.00 for
adults, \$2.00 for students.
For reservations phone
682-8254, between 9:30 a.m.
and 12:15.

Open Government

In The Public Interest
by Ralph Nader

WASHINGTON--Here's some good news for citizens who are struggling for open government and less secrecy in the dealings of bureaucrats and business lobbyists. It comes from Missouri and Massachusetts and in it there's a model other states might emulate.

The Missouri Public Service Commission has issued a ruling requiring trucking companies and utilities that it regulates to submit monthly reports listing any gratuities given or received and "any and all contacts in person, oral or written, concerning or bearing on Missouri PSC business," with the date, time and purpose of such contacts. Similarly, on their side, the members and employees of the Missouri PSC are now required to file monthly reports on "gratuities, meals, services, gifts, or travel given or received," and any contacts oral or written between the regulated companies and PSC employees.

The Chairman of the Missouri PSC, Marvin Jones, says these reports, which were strenuously opposed by the companies, are publicly available in Jefferson City, the state capital. If, for example, the federal government had such a requirement, the secret contacts between ITT and the Justice Department last year would either have been made public or, in anticipation of such, would not have been made.

Also earlier this year, Governor Francis Sargent of Massachusetts, issued an executive order requiring most regulatory agencies to report all contacts with regulated companies and gifts or gratuities each month to the Executive Office of Consumer Affairs. There is a possible loophole in an exemption for "routine inquiries or routine reports," and some agencies resent the order's being applied to them but not to the Executive office of the Governor. However, such disclosure, available to any interested citizen at the State House in Boston, is a major step forward in charting more openly the murky, behind-the-scenes influence peddling that goes on.

It's a major step, that is, if there is full compliance. Toward this objective, the agencies, such as banking, insurance, public utilities, milk control, occupational licensing units, alcoholic beverages, were ordered by the Governor to issue regulations no later than July 1, 1972 requiring regulated companies to file detailed reports with them. These reports are to be periodic and "fully disclose the lobbying activities of such licensee directed at such agency, including the official actions sought to be affected" and "all gifts and gratuities given to any official." Freyda Koplow, the state banking commissioner, says that there has been little follow-through thus far on this part of the Governor's order. She attributed the delay to bureaucratic changes in the Executive office and legal matters which had to be worked out.

There are indications that a number of agency officials in Massachusetts are discomfited by what they are required to report to the Executive Office of Consumer Affairs, which in turn has staff people who doubt whether the reports are sufficiently complete and candid.

Such hesitations and maneuverings point to the importance of such disclosures in providing people with information about the close fraternization between government and business and the way the telephone and private meetings between the two circumvent the rules which the less powerful have to follow before these agencies.

Citizens in all states should recognize the important tools for reform which such Missouri and Massachusetts directives could open up to them in their areas. These tools for consumer protection and honest, open government will work only if they are utilized by the public. Citizens and citizen groups might wish to ask the Governors and the White House why they do not direct their agencies to make similar disclosures. Sunlight, as Judge Brandeis once said, is a fine disinfectant.

Concert

Tomorrow

The Saint Mary's College Student Chorus, together with the Baroque Chamber Orchestra, the Musica Camerata of Berkeley, will present an Advent Christmas concert on Friday, December 8, at 8 p.m. in Dryden Hall on the Moraga campus.

The Baroque Chamber Orchestra is directed by Juan Mitchell, a Saint Mary's College alumnus, while the Saint Mary's Student Chorus is under the direction of John Peter Gaffney.

Included in the program are Bach's Concerto for Violin and Oboe in dm, a Corelli Sonata for two recorders and continuo, two excerpts from Bach's Cantata 140 ("Wachet Auf"), a Vittoria Motet, the opening chorus from Part IV of the Christmas Oratorio ("Fallt mit Danken"), and a group of carols from the 17th, 18th, and 19th centuries.

CHRISTMAS CELEBRATION

A Christmas Mass for the Saint Mary's College Community will be celebrated in the chapel at midnight this Saturday night, December 12. The Saint Mary's Chorus will sing several songs of the season beginning at 11:40 p.m. A reception will be held in Dryden following the Mass.

Players Present Scenes From Shakespeare

Selections from William Shakespeare's greatest works, ranging from the tragic mood of "King Richard III" to the bountiful humor of "A Midsummer Night's Dream" will be enacted by the Saint Mary's College Players on Friday, December 8, at 12:30 p.m. in Dryden Hall on the Moraga campus.

The Saint Mary's College Players, who are under the direction of Dr. James Townsend, chairman of the English department, will present scenes from "Much Ado About Nothing," "King Richard III," "Measure for Measure," and "A Midsummer Night's Dream."

A GUIDE TO PRE REGISTRATION FOR THE SPRING OF 1973 AND CHANGES IN ACADEMIC POLICY

I. CHANGES IN ACADEMIC POLICIES

1. Area Studies Major

a. The College now offers majors in "American Studies," "Medieval and Renaissance Studies," "Latin American Studies," and "European Studies." b. Students interested in pursuing such inter-disciplinary majors should contact the Dean of Studies for more information.

2. Diversified Liberal Arts Major for Elementary School Teachers

a. The College now offers the following major under the auspices of the Department of Education:

Total of 24 courses

A. English--6 courses, with a minimum of one lower division and one upper division course from each of the following groups:

1. Composition and creative Writing

2. Literature

3. Contemporary Linguistics and Literary Criticism

B. Social Science--6 courses from 4 of the following fields:

1. Psychology 1 (required) and one upper division course either in developmental, social, or child psychology.

2. Government 2 (required)

3. History, minimum of one course in American History

4. Economics

5. Anthropology

C. Natural Sciences and Mathematics--6 courses from the 4 following areas:

1. Mathematics (minimum of one)

2. Biology

3. Chemistry

4. Physics

D. Humanities--6 courses from the following 3 areas:

1. Collegiate Seminars and World Classics (no more than 3 courses)

2. Foreign Languages

3. Music, Art, Drama (required minimum of 2 courses from 2 of these 3 areas)

3. New Policy on Academic Penalties

a. Academic Probation:

A student will be placed on academic probation if at the end of any term his grade point average for that term or his cumulative grade point average computed on the total of all courses undertaken at this college is less than 2.0 (C average). A student will be removed from probation and restored to good standing when his overall and term grade point average reach 2.0 (C average).

b. Academic Disqualification:

A student will be subject to disqualification from further work at this College if after two terms on academic probation his cumulative grade point average computed on the total of all courses undertaken at this College is less than 2.0 (C average) or if his grade point average at the end of any term is below 1.5.

c. Re-Admission:

A student disqualified from his college may apply for readmission to the Dean of Studies, normally after a lapse of two regular terms, provided that he has made up all or most of his deficiencies at another college. If readmitted with deficiencies still showing on his record, a student must remedy them within one school year.

II. CURRENT ACADEMIC CALENDAR

Fri. Dec. 8 Last day of Fall Term classes

Mon. Dec. 11 Final Examinations begin, through Friday, December 15

Sat. Dec. 16 to Tue. Jan 2: Christmas Vacation

Wed. Jan. 3 Registration of all students for the January Term, 9-12 and 1-4 p.m.

Thu. Jan. 4 To Wed Jan. 31 January Term classes in session

Thu. Feb. 1 to Sun. Feb. 11: Mid-year recess.

FINAL EXAMINATION SCHEDULE

Classes meeting MWF 8:20

Classes meeting MWF 9:30

Tuesday, December 12 10-12

Monday, December 11 10-12

Classes meeting MWF 10:40

Classes meeting MWF 11:50

Friday, December 15 10-12

Wednesday, December 13 10-12

Classes meeting MWF 1:10

Classes meeting MWF 2:20

Wednesday, December 13 1-3

Thursday, December 14 1-3

Classes meeting TT 8:20-9:30

Classes meeting TT 10:40-11:50

Classes meeting TT 1:10-2:20

Thursday, December 14 10-12

Monday, December 11 1-3

Tuesday, December 12 1-3

All examinations will be held in regularly scheduled classrooms.

Four or five day a week classes will have their examinations at the time scheduled for MWF classes.

Late afternoon or evening classes will have their examinations at regular class time or at a time arranged by the instructor.

Please refer to page 77 of the College Bulletin for information about "Incomplete" grades and missed examinations.

Graduate Fellowships

Applications for State Graduate Fellowships for 1973-74 must be post-marked and sent to the State Scholarship and Loan Commission by December 15, 1972. There will be approximately 200 new State Graduate Fellowships available which are in the amount of tuition and required fees at graduate and professional schools for full-time students.

State Graduate Fellows may attend any college or university located in California which is accredited by the Western Association of Schools and Colleges and offers recognized graduate and professional degrees in the

sciences, social sciences, humanities, the arts, mathematics, engineering, business, education, law, medicine, dentistry, veterinary medicine, pharmacy, and other similar programs.

All applicants must submit scores from either the aptitude test of the Graduate Record Examination, the Dental Admissions Test, the Law School Admission Test, the Admissions Test for Graduate Schools of Business, or the Medical Colleges Admission Test, depending on the school to be attended.

Applications are available from the financial aid office.

Summer Scholarships

Last year three students received summer tuition scholarships worth approximately \$550 from the Monterey Institute of Foreign Studies, namely Will Geselbracht, Alexis Doval, and Greg Cole. The Institute offers programs in Arabic, Mandarin Chinese, French, German, Italian, Japanese, Portuguese, Russian, Spanish, Thai.

I would urge students to apply for these scholarships, since they will probably be extended again. Applications should be addressed to Dr. Slakey and should be received by

April 1st for the following summer session, which begins in mid-June. The scholarships are granted by the Institute on the recommendation of Saint Mary's College. Should there be a large number of applications, I would suggest that a committee make selections. Last year we received the information very late and all those who applied were recommended for and received scholarships.

Students applying should state in their letters what their proposed language of study is and why they wish to pursue it.

Pre-Registration

DIARY OF A MAD REGISTRAR

- If there exists any student who has not yet preregistered for the January and or Spring Terms, it would behoove such undergraduate reprobates to direct themselves to the Registrar's Office forthwith. (The January Term enrollment is, after all, required for graduation.)
- Any student with "Incomplete" grades still outstanding from January or Spring, 1972, is running out of time to make up the work. The Dean of Studies Office will review all old "I" grades early in January, so make sure your instructor has reported make-up grades before then.
- Are you leaving school after finals? Non-graduates who are not returning to SMC in January should complete a withdrawal form in the Registrar's Office before leaving this month.
- Students off-campus in January (Europe, Mexico, Independent Study) who are not returning to school in February, should also come in and complete a withdrawal form before final exams are over.
- If you're enrolled at another college in January (Mills, Holy Names, elsewhere) please come to the Registrar's Office at once to confirm this with us. Don't figure we already know all about it--presume we know nothing until you tell us personally; it's safer.
- ALL STUDENTS--be forewarned. A new system of registration, course enrollment, and DROP-ADD-Study Card filing will in all probability be in effect at the beginning of the Spring Term in February. We are working out the details now with the new computer firm handling the college's business. We expect to have an informational brochure ready for your perusal at January registration.
- Speaking of January registration, all students are expected to register for January on Wednesday, January 3, from 9 to noon, and from 1 to 4. Students off campus for January on travel courses may "register" on their return. Location of registration is still uncertain--either Dante Hall or the Registrar's Office.

Gaels Down Cal 72-70

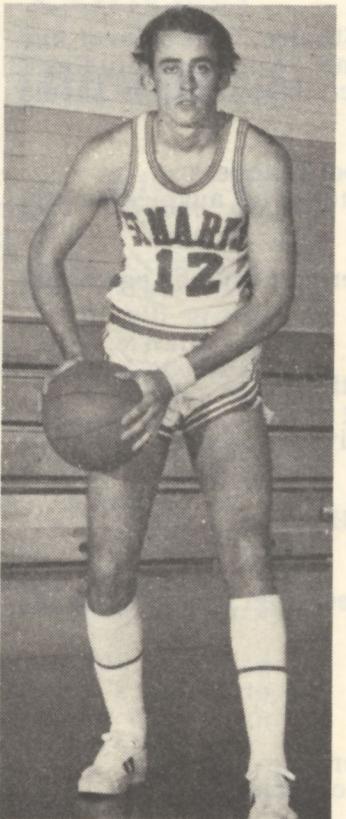

For the first time in sixteen years the St. Mary's Gaels defeated U.C. Berkeley in basketball. The game was a tribute to the fine players that SMC has this year. The Gaels were led by Mike Rozenski who displayed his outstanding shooting to the surprise of the Bears.

Rozenski scored 25 of the SMC 33 first half points. He showed a wide variety of shots and played an outstanding game. Mark Viera also came on strong in the second half, when he came on to score all of his sixteen points. His point total contributed to the Gael win because it forced Cal to stop double teaming Rozenski.

Coach Hale was very pleased with the performance of the team. He felt that the team played with poise and did not panic when they were nine points down with six minutes remaining in the game. Hale felt that even though Earl Brown was off with his shooting game he contributed greatly with his ball handling. Matt Krilevich came off the bench and scored two clutch free throws in the closing minutes.

Mike Rozenski

Mark Viera

There are only two seniors on the squad this year. Vince Lombard, who is making the transition from forward to guard and Earl Brown. St. Mary's is starting four sophomores and one senior. At the time

of their rally, from nine points down, the Gaels were playing three sophomores and two juniors, all with little if any varsity experience behind them. This game shows the strength and the

poise of the St. Mary's Gaels this year. Go out and see them if you can.

The Gael hoopsters are beginning a trip to the East which will have them play, Seton Hall, Loyola (Chicago, Ill.) and Army. Coach Hale remarked that the only tougher schedule would be to play U.C.L.A. three times in a roll. This should be a rough road trip, but it should show the strength of the Gaels.

Intramurals

ST. BROTHER'S CAPTURE TITLE

To the surprise of the Student Brothers captured the Intramural Football title of the League. Their record of 5 wins and 1 loss was better than the second place team, tained by Bruce Reynolds which posted a 3 and 3 record.

One player requested the Student Brothers eliminated from the league for unfair play. He reported, "I was running down the field one within ten yards of the end zone and by some miracle my flag simply fell off. On the Student Brothers his hands folded and looking up in the reverently." Brother Kelly denied all charges, saying, "we are just tough."

The Blue Lead Championship went to the team captained by Mike Schaeper and Paul Morrelli. Lead on offense by Larry Lorenz, quarterback and MVP for the league, the team sported a perfect 5 and 0 record. Most exciting victory was a 54-52 squeaker over Badon's team. In the final seconds Lorenz hit Ryan with a twenty yard scoring toss.

Despite rainy weather the Intramural Football season was completed. The traditional play-off between the champion USF, Santa Clara, and Saint Mary's was played however. Neither school was able to desire to come to St. Mary's for the game. Unfortunately, toward the end of the season interest dropped at St. Mary's also, and many of the games were forfeited. We really hope this trend doesn't continue in January when Intramural basketball will start.

If any person has ideas or comments on the Intramural program for the year, please contact Marek in DLS 216.

My final comment on the Intramural season is that you will be surprised how much one dropped player can change the entire season, right Rene?

Lee Marek

Women's Football

POWER-PUFF AWARDS DINNER

On November 16, the Powder-Puff football Awards Dinner was held. The first place team was Hell's Bells which had undefeated record. Their captain's name is Tami Shroll, put on a permanent trophy that will be kept in the women's lounge in the gym. The second place team was led by Sue Gabbard and the third place team led by Linda Stark received ribbons.

Gridders Rout Oregon Tech 65-14

The St. Mary's Gael's lost a thriller to Colorado College by a score of 34 to 33. The Gael's staged a tremendous comeback during the last 8 minutes of the game. Down by 34 to 12, the Gael's came back to score three touchdowns.

Early in the game it became evident that the condition of the field would play a major factor in the game. Pass receivers, runners and defensive men were loosing their footing throughout the course of the game. In the second quarter after failing to score on numerous opportunities, Colorado College scored again on a quarterback sneak from the 1 yard line by Bobier. The extra point was missed, so the score with four minutes remaining in the half was 13 to 0 Colorado College. Up to that point the ball had never gone out of St. Mary's territory. Late in the first half the Gael's put together a drive. Racing against the clock they marched steadily down the field. On the last play of the first half, a 2 yard pass from Randy Nelson to Mike Fanucchi made it 13 to 6. The extra point conversion was missed, so the score at halftime was 13 to 6 Colorado College.

The Gael's proved that they could compete against a good small college club. Although Colorado College dominated the first three quarters of the game, the Gael's came roaring back in the final quarter, and nearly pulled off the upset.

However with 8 and a half minutes remaining a 31 yard pass from Bobier to Bob Hall made it 34 to 12 Colorado College.

The Gael's came roaring back. With 7 minutes to go Jim Peters scored for the Gael's, and after making the 2 point conversion it was 34 to 20 Colorado College. With four and a half minutes remaining the Gael's scored again on a 15 yard pass from Jim Peters to Jim Datrice. The extra point was good, and the Gael's were right back in the game as it was 34 to 27 Colorado College. The Gael's got one last shot in the final minute of the game. One fourth down from their own 23 with 13 seconds to go Jim Peters connected with Mike Fanucchi on a 67 yard touchdown pass. The Gael's decided to go for the two point conversion. Mike Fanucchi dropped the pass from Jim Peters in the end zone, and the final score was 34 to 33 Colorado College.

The Gael's proved that they could compete against a good small college club. Although Colorado College dominated the first three quarters of the game, the Gael's came roaring back in the final quarter, and nearly pulled off the upset.

The St. Mary's galloping Gael's ended their season in grand style with a smashing 65 to 14 victory over Oregon Tech. The Gael's took the opening kick-off and marched all the way down to the 6 yard line before they were halted. Randy Nelson then kicked a 23 yard field goal to give St. Mary's a 3 to 9 lead. Shortly afterwards the Gael's Almon Holmes intercepted a pass from Steve Dunsworth and raced 48 yards for a touchdown. With the extra point conversion by Randy Nelson it was 10 to 9 St. Mary's. Oregon Tech scored to make it 10 to 7 St. Mary's. Early in the second quarter, All-American candidate Jim Datrice ran 67 yards for a touchdown and with the extra point by Randy Nelson it was 17 to 7 St. Mary's. Later in the second quarter, Mike Fanucchi caught a pass from Jim Peters, broke several tackles and raced 51 yards for another Gael's touchdown to make it 24 to 7. Then in the last minute of the first half after Oregon Tech had scored to make it 24 to 14, a 49 yard pass from Jim Peters to Mike Fanucchi made it 31 to 14 St. Mary's at the end of the first half.

The Gael's finished the season with a record of four wins and four losses. They played excellent football the second half of the season. Jim Peters and Mike Fanucchi played outstanding ball in their final game at St. Mary's. Jim Datrice gained over 800 yards on the ground, breaking his old record of 772 yards on the ground which he set last year. He scored 13 touchdowns breaking the record he set last year. The Gael's defensive secondary improved tremendously throughout the course of the season.

Later in the third quarter, Jim Datrice scored his third touchdown on a 61 yard punt return to make it 45 to 14. Late in the third quarter, Randy Nelson replaced Jim Peters and threw a 41 yard touchdown pass to Tom Bidegaray, and with the extra point by Nelson it was 52 to 14 St. Mary's. In the fourth quarter a 3 yard run by Tim Horahan made the score 58 to 14. The extra point conversion was missed. The Gael's last touchdown was scored on a 1 yard run by Hugo Keynor and with the extra point conversion, it was 65 to 14 St. Mary's which was the way the game ended.

The Gael's finished the season with a record of four wins and four losses. They played excellent football the second half of the season. Jim Peters and Mike Fanucchi played outstanding ball in their final game at St. Mary's. Jim Datrice gained over 800 yards on the ground, breaking his old record of 772 yards on the ground which he set last year. He scored 13 touchdowns breaking the record he set last year. The Gael's defensive secondary improved tremendously throughout the course of the season.
